Breach Investigations Penetration Tests

Compliance
Policy

Root Cause

Policy FAIL

Compliance?

Compliance !=
Security

Compliance ==
Compliance

```
if Security.BasedOn(Compliance)  
    print "FAIL\n"
```

BUT I WON'T LET IT HAPPEN! I SIMPLY WON'T
LET ANYONE OR ANYTHING INTERFERE! I'LL
FIGHT BACK, WITH EVERY WEAPON I HAVE!

Public Objective

- Protection of Assets

Private Objectives

- CYA
- Liability Transference

First Class: Life Raft Included

Coach: No Raft, No Preservers

They Don't Understand What is Going On

paperwork = job done

Policy !=
Security

Policy =

Easy + Compliance

Protect
my Job?

Protect the
Company?

Will the company stand
with me?

visible =
loud + expensive

35% of employees feel
they must break policy
to do their job.

*The confessions survey: office workers reveal everyday behavior that places sensitive
information at risk - RSA 2008*

35% + + ?

= Risk Acceptance

Liability >> Employee

COMPLAIN TO
THE *DEVIL* IN
HELL, DOG!

Why the desire to use
them?

Employees Love to work
off hours?

Problem !=
Removable Storage

Problem ==
Ability to work offsite

MAYBE I'LL ONLY
WORK A HALF DAY
TOMORROW!

- Employees
- Managers
- Company
- Security

Blame the User

More than what not
to do.

Deny and adjust
expectations

Provide accepted
methods for remote work

Policy ==
Enabling

People R Lazy

Most Important

Easier to work inside of
policy then outside policy

Consumers Vs.
Enterprise

No Implementation
without enforcement

Accepting Risk is OK

Address the Problem, not
the Symptom

**Don't
Copy
That
Floppy.**
